As of 26 October 2015, the Polish Patent Office (PPO) and the Intellectual Property Office of the Republic of Serbia (IPORS) have made their industrial design data available to the Designview search tool. The incorporation of PPO is the outcome of the Cooperation Fund programme managed by OHIM in association with its partners from the European Union. The integration of IPORS is a concrete result of the International Cooperation programme managed by OHIM in collaboration with its international partners. With PPO and IPORS on-board, there are now 38 participating offices in Designview. With the addition of about 28,000 designs from Poland and almost 10,000 designs from Serbia, Designview now provides information and access to almost 8,8 million industrial designs in total. Since the introduction of Designview on 19 November 2012, the tool has served more than 1,25 million searches from 141 different countries, with users from Germany, Spain and the UK among the most frequent visitors. You can find out more at https://www.tmdn.org/tmdsview-web/welcome.

Due to the electricity maintenance, TMview/DesignView web services provided by the Croatian Office will be unavailable from October 23rd 17:30h till October 25th 13:00 h.

As of 05 October 2015, The State Office of Industrial Property (SOIP) of The Former Yugoslav Republic of Macedonia (FYROM) has made its industrial design data available to the Designview search tool. The integrations of SOIP are concrete results of the International Cooperation programme managed by OHIM in collaboration with its international partners. With SOIP on-board, there are now 36 participating offices in Designview. With the addition of more than 800 designs from SOIP, Designview now provides information and access to almost 8,7 million industrial designs in total. Since the introduction of Designview on 19 November 2012, the tool has served more than 1,2 million searches from 140 different countries, with users from Germany, Spain and the UK among the most frequent visitors.

As of 14 September 2015, the Canadian Intellectual Property Office (CIPO), the State Intellectual Property Office of the People's Republic of China (SIPO) and the United States Patent and Trademark Office (USPTO) have made their industrial design data available to the Designview search tool. The integrations of CIPO, SIPO and USPTO are concrete results of the International Cooperation programme managed by OHIM in collaboration with its international partners. With CIPO, SIPO and USPTO on-board, there are now 35 participating offices in Designview. With the addition of more than 150,000 designs from CIPO, 3,3 million designs from SIPO and almost 725,000 designs from USPTO, Designview now provides information and access to more than 8,6 million industrial designs in total. Designview is now available in 30 languages with the addition of the Chinese (Simplified, PRC) language. Since the introduction of Designview on 19 November 2012, the tool has served about 1,2 million searches from 137 different countries, with users from Germany, Spain and the UK among the most frequent visitors.

ASEAN Designview have been officially launched on 25 August 2015 in Singapore, on the occasion of the celebration of this year’s IPOS IP week. The launch ceremony has taken place at the ASEAN IP Fiesta with the presence of Dr Michael Pulch, Ambassador of the European Union to Singapore, Ms Shahrinah Yusof Khan, Director General of the Intellectual Property Office of Brunei Darussalam and current Chairperson of the ASEAN Working Group for Intellectual Property Cooperation (AWGIPC), and Mr Ernesto Rubio, representing OHIM. ASEAN Designview contains more than 100,000 design registrations having effects in the participating ASEAN countries. These are Brunei Darussalam, Cambodia, Lao PDR, Malaysia, Philippines, Singapore, Thailand and Vietnam. It is expected that Indonesia and Myanmar will also join soon. ASEAN Designview has been developed within the framework of ECAP III Phase II, the EU-ASEAN Project on Intellectual Property Cooperation, for which OHIM is the implementing Agency. Synergies were sought with Designview. We invite you to visit ASEAN Designview at asean-designview.org

Please be aware that some images may appear as 'negatives'. UKIPO are currently working to rectify this issue and it should be solved very shortly.

Due to the electricity maintenance, TMview/DesignView services provided by the Croatian Office will be unavailable from July 11th 20:00h till July 12th 16:00 h.

Please be informed that the Norwegian Industrial Property Office (NIPO) will carry out maintenance work the coming weekend.

Monday 12 January 2015 to Wednesday 14 January 2015 (both days inclusive), on 20 January 2015 as well as on 22 January 2015. As a consequence IPO-CZ’s services to DView might temporarily be unavailable during this periods.

15 12 2014 15-12-2014 01:00 / The Republic of Korea and Ireland join Designview

As of 15 December 2014, the Korean Intellectual Property Office (KIPO) and the Irish Patents Office (IPO) have made their design data available to the Designview search tool. The integration of IPO is a concrete result of the Cooperation Fund programme managed by OHIM in collaboration with its European partners. The incorporation of KIPO is due to the efforts of the International Cooperation programme managed by OHIM in collaboration with its international partners. With KIPO and IPO on-board, there are now 26 participating offices in Designview. And with the addition of more than 840,000 Korean designs and almost 2,000 Irish designs, Designview now provides information and access to about 3,6 million designs in total. Since the introduction of Designview on 19 November 2012, the tool has served more than 800,000 searches from 135 different countries, with users from Spain, Germany and the UK among the most frequent visitors.

12 12 2014 12-12-2014 01:00 / The Republic of Korea and Ireland soon to join Designview

The Korean Intellectual Property Office (KIPO) and the Irish Patents Office (IPO) will soon make their design data available to the Designview search tool, which will bring the total to about 3,6 million designs in the system.

09 12 2014 09-12-2014 01:00 / Austria joins Designview

As of 09 December 2014, the Austrian Patent Office (ÖPA) has made its design data available to the Designview search tool. The integration of the ÖPA is a concrete result of the Cooperation Fund Programme managed by OHIM in collaboration with its European partners. This last extension brings the total number of offices participating in Designview to 24. Besides Austria these are: Bulgaria, Benelux, Czech Republic, Estonia, Spain, France, Greece, Italy, Lithuania, Latvia, Malta, Portugal, Romania, Sweden, Slovenia, Slovakia, Cyprus, Denmark and the OHIM. The total number of countries on-board also includes 4 recent incorporations of non-EU offices: Mexico, Morocco, Norway and Russia. With the addition of more than 70,000 Austrian designs, Designview now provides information and access to more than 2,7 million designs in total. Since the introduction of Designview in November 2012, the tool has served more than 783,000 searches from 135 different countries, with users from Germany, Spain, the UK and France among the most frequent visitors.

08 12 2014 08-12-2014 01:00 / Elimination of 100 results per office & new filter functionality

Dear User, as of 08 December 2014, we are pleased to inform you that the limit of a maximum of 100 results per office in the list of results has been eliminated. Together with this improvement, a new filter functionality has also been introduced, which replaces the old search status window, while at the same time it facilitates an easy way to narrow down a search with a few clicks without having to decide upon and insert further data for the search. For any questions, please do not hesitate to contact OHIM’s information desk: information@oami.europa.eu

08 12 2014 08-12-2014 01:00 / Denmark, Mexico, Morocco, Norway and the Russia Federation join Designview

As of 08 December 2014, the Danish Patent and Trademark Office (DKPTO), the Mexican Institute of Industrial Property (IMPI), the Moroccan Industrial and Commercial Property Office (OMPI), the Norwegian Industrial Property Office (NIPO) and the Federal Service for Intellectual Property of Russia (Rospatent) have made their design data available to the Designview search tool. The integration of DKPTO is a concrete result of the Cooperation Fund Programme managed by OHIM in collaboration with its European partners. The incorporations of IMPI, OMPIC, NIPO and Rospatent are due to the efforts of the International Cooperation programme managed by OHIM in collaboration with its international partners. At the same time these four offices mark the integrations of the first non-EU offices in Designview. With DKPTO, IMPI, OMPIC, NIPO and Rospatent on-board, there are now 23 participating offices in Designview. And with the addition of about 27,000 Danish designs, nearly 50,000 Moroccan designs, more than 27,000 Mexican designs, almost 26,000 Norwegian designs and more than 55,000 Russian designs, Designview now provides information and access to almost 2.7 million designs in total. Since the introduction of Designview on 19 November 2012, the tool has served nearly 783,000 searches from 135 different countries, with users from Spain, Germany and the UK among the most frequent visitors.

04 12 2014 04-12-2014 01:00 / Denmark, Mexico, Morocco, Norway and the Russia Federation soon to join Designview

The Danish Patent and Trademark Office (DKPTO), the Mexican Institute of Industrial Property (IMPI), the Moroccan Industrial and Commercial Property Office (OMPI), the Norwegian Industrial Property Office (NIPO) and the Federal Service for Intellectual Property of Russia (Rospatent) will soon make their design data available to Designview, which will bring the total to almost 2.7 million designs in the system.

07 11 2014 07-11-2014 01:00 / Maintenance work at the Spanish Patent and Trade Mark Office

Please be informed that the Spanish Patent and Trade Mark Office (OEPM) will carry out extensive maintenance work from Saturday 08 November 2014 at 13:00 to Sunday 09 November 2014. As a consequence the design details page for Spanish designs will not be available during this period.

06 11 2014 06-11-2014 01:00 / Cyprus soon to join DesignView

The Department of the Registrar of Companies and Official Receiver (DRCOR) which is part of the Ministry of Commerce,
Industry and Tourism of the Republic of Cyprus, will soon make more than 300 designs available to DesignView, bringing the total to more than 2,5 million designs in the system.

26 10 2014  26-10-2014 02:00 / TMview & DSview full data re-indexation completed

Please be informed that the re-indexation announced on 17/10/2014 has finished. This means the participating offices’ data is again being updated daily.

17 10 2014  17-10-2014 02:00 / TMview & DSview maintenance work & full data re-indexation

Please be informed that starting today and during the following two weeks maintenance work including a full re-indexation of all data in TMview and DSview will take place. This re-indexation is needed because of some changes to be implemented with a new release of TMview and DSview and foreseen to go live in December 2014. As a result of the re-indexation, no daily updates will take place for any participating office throughout this two week period.

30 07 2014  30-07-2014 02:00 / ETMDN Application Maintenance this weekend

ETMDN Application Maintenance is being carried out this weekend. The work is being performed between 19:30 Friday 1 August until 15:00 Sunday 3 August. During this period Designview may experience performance issues and sporadic outages.

27 07 2014  27-07-2014 02:00 / Maintenance work at the Italian Patent and Trademark Office

Please be informed that the Italian Patent and Trademark Office (UIBM) is carrying out extensive maintenance work of its services to DSview. As a consequence Italian designs are not updated and the details page for Italian designs is not available until further notice.

08 07 2014  08-07-2014 02:00 / European TMDN News out now

The third issue of the newsletter is now available at www.tmdn.org. Readers will find, among other news, the recent developments of the Harmonised Database, an interview with BOIP and the launch of the Anti-Fraud Network – a common initiative to tackle the problem of misleading invoices.

19 06 2014  19-06-2014 02:00 / Maintenance work at the Industrial Property Office of the Czech Republic

Please be informed that the Industrial Property Office of the Czech Republic (IPO-CZ) will carry out maintenance work of its services to DSview from Friday 20 June 2014 at 15:00 (local time) to Sunday 22 June 2014 at 18:00 (local time). As a consequence Czech designs will not be updated as well as the details page for Czech designs will not be available during this period.

29 04 2014  29-04-2014 02:00 / New functions available in Designview

We would like to inform you that this weekend Designview released new functions. They are: Design watch service, Search reports , Designer/owner portfolio reports and Statistics. In order to use Design watch service you have to login in the application. If you do not have a login, you can create an account by clicking on the upper right side button "Login / Register".

17 04 2014  17-04-2014 02:00 / ETMDN News out now

Number two issue of European TMDN News is out now and available for download at www.tmdn.org. In this issue we look at the global expansion of the TMview trade mark search tool, the Enforcement Database and the implementation of e-Services in the Estonian Patent Office. Readers will also meet the central team behind the coordination of convergence efforts at the EU level, and the latest news from the EU National and Regional IP Offices. European TMDN News is focused on the intellectual property community, and looks at the European Trade Mark and Design Network's drive to share best practices and harmonise working methods. The magazine, published in English, will also be available in 23 EU languages in the coming weeks.

15 04 2014  15-04-2014 02:00 / Technical work in Czech Republic Office

Due to technical reasons the CZ webservices of DesignView will be on the 16th April shortly unavailable approximately between 12:00 and 13:00.

11 04 2014  11-04-2014 02:00 / Another milestone has been achieved in Designview: Benvenuta Italia!

The Italian office is the seventeenth office to become part of DesignView, joining Portugal, Benelux, Estonia, Spain, Greece-OBI, Bulgaria, Slovakia, Latvia, Slovenia, Sweden, Lithuania, Czech Republic, France, Malta, Romania and OHIM. More than 300.000 Italian designs are now available online in DesignView, bringing the total number of designs available in the tool to approximately 2.3 million.

25 03 2014  25-03-2014 01:00 / Romanian Office is now in Designview
The Romanian office is the sixteenth office to become part of DesignView, joining Portugal, Benelux, Estonia, Spain, Greece-OBI, Bulgaria, Slovakia, Latvia, Slovenia, Sweden, Lithuania, Czech Republic, France, Malta and OHIM. Approximately 41,000 Romanian designs are now available online in DesignView, bringing the total number of designs available in the tool to more than 2 million.

The Maltese office is the fifteenth office to become part of DesignView, joining Portugal, Benelux, Estonia, Spain, Greece-OBI, Bulgaria, Slovakia, Latvia, Slovenia, Sweden, Lithuania, Czech Republic, France and OHIM. Approximately 1,500 Maltese designs, dating from 1923 to the present day, are now available online in DesignView, bringing the total number of designs available in the tool to 2 million.

The French Patent and Trademark Office (INPI FR) has been integrated into the Designview database, becoming the fourteenth Participant Office to do so. The other thirteen IP Offices that have integrated Designview are: Portugal, Benelux, Estonia, Spain, Greece OBI, Bulgaria, Slovakia, Latvia, Slovenia, Sweden, Lithuania, Czech Republic and also OHIM. INPI FR brings almost 700,000 more designs from 1910 to today into Designview making the number of designs available in Designview approximately of 2 million.

Designview video tutorial is available. Please take a look to the video tutorial in order to learn how to use the basic functionalities of the tool.

Designview Search Engine is operative again
The maintenance work has finished. We apologize for any inconvenience caused

Designview Search Engine under maintenance work
The searches in Designview are currently under maintenance work. Due to this situation some searches may not work properly. We apologize for any inconvenience caused. We will inform once the maintenance work is finished.

Designview User Satisfaction Survey has been launched
Designview went live on November 2012 and currently has more than 1.2 million designs from 12 National Offices and OHIM. After several improvement actions we would like to assess how satisfied are Designview users with the system. The survey will take no more than five minutes and we really appreciate the feedback. Thank you.

Czech Republic: Unavailability of detailed information services from 10:00 to 11:00
Due to the technical reasons the CZ detailed services of DesignView will be tomorrow (on 13th February) shortly unavailable approximately between 10:00 and 11:00

ETMDN News available in 23 languages
The latest edition of ETMDN News – the newsletter of the European Trade Mark and Design Network – is now available in 23 EU languages at the Common Gateway. It contains features and interviews on the Back Office project, the Terminology Maintenance Console, the Quality tool and a roundup of all the latest news from the EU National IP Offices. We hope you enjoy this issue. We want to know what our readers think about the magazine, and receive their suggestions on how we could improve it. So would be very grateful if you could spare a couple of minutes to fill out our survey, and give us your feedback. Thank you very much in advance.

Upgrade of the designs system in the Industrial Property Office of the Slovak Republic
Please be informed that the Industrial Property Office of the Slovak Republic (SK IPO) is currently undergoing an upgrade of its designs system (aka back office). As a consequence the Slovakian designs might not be updated on a daily basis and the design details page for Slovakian designs might not be available.

More designs in DesignView from the OEPM (Spanish Office)
As of January 1, it will be possible to access more pictures of Spanish designs in Designview. Specifically, 254,278 images are included for a total of 137,656 designs and industrial designs. Other modifications of interest are: - The number of design (Design Number) is amended: For the designs of new law (Law 20/2003 of 7 July on the Legal Protection of Industrial Design) design numbering in the file is completed with two extra zeros. For example, the design D0500001-01 is renumbered in the number field design (Design Number) D0500001-0001. The designs from Previous International Examination keep the letters:
A-J and X. - You can check the Previous owners: Holders of a design that have changed due to a Grant or a Change of Name. - The current state of design (DesignCurrentStatusCodeType) was expanded: It passes from the previous 4 states (Filed, Registered, Expired and Ended) to 9 current states (Registered and fully published, Registered and subject to deferment, Lack of effects, Design surrendered, Design declared invalid, Invalidity procedure pending, Design lapsed, Expiring and Application Published). In 2014 we will continue with the capture of designs and incorporating new bibliographic data.

19 12 2013 19-12-2013 01:00 / SWEDEN JOINS DESIGNVIEW

The Swedish Patent and Registration Office (PRV) has been today integrated into the Designview database, becoming the thirteenth National Office to do so. The other twelfth Offices that have integrated Designview are: Portugal, Benelux, Estonia, Spain, Greece OBI, Bulgaria, Slovakia, Latvia, Slovenia, Czech, Lithuania and OHIM. More than 91.000 designs from PRV have been made available into Designview.

18 12 2013 18-12-2013 01:00 / LITHUANIA JOINS DESIGNVIEW

Today the registered designs data of the Lithuania State Patent Bureau (SPB) has been integrated into the Designview database. So, SPB became the twelfth National Office to do so. The other eleven Offices that have integrated Designview are: Portugal, Benelux, Estonia, Spain, Greece OBI, Bulgaria, Slovakia, Latvia, Slovenia, Czech and OHIM. Almost 3.000 designs from SPB have been made available into Designview.

16 12 2013 16-12-2013 01:00 / CZECH JOINS DESIGNVIEW – DECEMBER 16th

The Czech Intellectual Property Office (IPO CZ) has been today integrated into the Designview database, becoming the eleventh National Office to do so. The other ten Offices that have integrated Designview are: Portugal, Benelux, Estonia, Spain, Greece OBI, Bulgaria, Slovakia, Latvia, Slovenia and OHIM. Near 59.000 designs from IPO CZ have been made available into Designview.

30 10 2013 30-10-2013 01:00 / Slovenia joins Designview

The Slovenian Intellectual Property Office (SIPO) has been today integrated into the Designview database, becoming the tenth Participant Office to do so. The other eight IP Offices that have integrated Designview are: Portugal, Benelux, Estonia, Spain, Greece OBI, Bulgaria, Slovakia, Latvia and also OHIM. Near 4.000 designs from SIPO have been made available into Designview.

22 08 2013 22-08-2013 02:00 / Estonia – multiple variants of a single design

Please, be informed that according to §19 Industrial Design Protection Act a registration may include variants of a design. It is therefore recommended to view all images when Estonian designs are searched.

26 07 2013 26-07-2013 02:00 / Latvian design information availability

Please be informed that Latvian design information on the design details page will not be available on July 26 from 14:00 till 16:30 CEST.

05 02 2013 05-02-2013 01:00 / Latvia joins Designview

The Latvian Office has now been integrated into the Designview database, becoming the ninth office to do so. The other eight Offices that have integrated Designview are: Portugal, Benelux, Estonia, Spain, Greece OBI, Bulgaria, Slovakia and OHIM.

25 01 2013 25-01-2013 01:00 / New offices

Soon other Offices will join us.

24 01 2013 24-01-2013 01:00 / Designview Go Live

Designview is live since the 19th of November.
